2020-05-29

Thank you very much for your participation in the International Atomic Energy's (IAEA) **International Student Competition**, held in conjunction with the International Conference on Nuclear Knowledge Management and Human Resources Development: Challenges and Opportunities, planned to be held on 15-19 June 2020, in Moscow, Russian Federation.

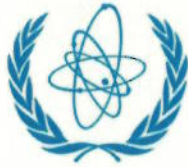

I am pleased to acknowledge that your team was selected in the top 25% of the International Student Competition among almost 200 teams from more than 30 countries. Throughout the highly competitive assessment process, I was impressed by the accuracy, innovativeness, relevance to the Competition goals and potential impact of your team's proposal for the community.

I would like to extend my deepest appreciation of your efforts to increase awareness on the peaceful uses of nuclear energy and congratulate you on your accomplishments. It is highly unfortunate that due to Covid-19 pandemic the Conference and the final stage of the Competition had to be cancelled and postponed to the year 2022.

I sincerely hope that you will continue to seek out new opportunities as you continue your educational pursuits.

Yours sincerely,

David Drury
Section Head
Nuclear Knowledge Management
Department of Nuclear Energy
